The search you requested is a court records search through the PARS public access records search online portal. The results provided in this report are based on information you provided as the search criteria. Records returned are only those that precisely match this information. The search results may include criminal court data from January 1989 to present and protection order data from January 2006 to present. There may be instances where fine and cost information will appear immediately below a dismissed charge. The amounts indicated are accurate for a different charge but there should be no fine and cost information related to a dismissed charge. Based on the age of a case, not all financial information may be available in the case management system. You should contact the Clerk of Court office where an original action took place to correct any misinformation and collect any missing information.
